4. All Officer in the University / Examination Branch/Academic section.
5. PA to Vice- Chancellor / Registrar/ OC.

### **Rajiv Gandhi University of Health Sciences, Karnataka**

The Emblem of RGUHS is a symbolic expression of the confluence of both Eastern and Western Health Sciences. A central wand with entwined snakes symbolizes Greek and Roman Gods of Health called Hermis and Mercury is adapted as symbol of Modern medical science. The pot above depicts Amrutha Kalasham of Dhanvanthri the father of all Health Sciences. The wings above it depicts Human Soul called Hamsa in Indian Philosophy. The rising Sun at the top symbolizes knowledge and enlightenment. The two twigs of leaves in western philosophy symbolizes Olive branches, which is an expression of Peace, Love and Harmony. In Hindu Philosophy it depicts the Vanaspathi (also called Oushadi) held in the hands of Dhanvanthri, which are the source of all Medicines. The lamp at the bottom depicts human energy (Kundalini). The script "Devhitham Yadayahu" inside the lamp is taken from Upanishath Shanthi Manthram (Bhadram Karnebhi Shyrunuyanadev..) which says " May we live the full span of our lives allotted by God in perfect health" which is the motto of Rajiv Gandhi University of Health Science.

### **Vision statement**

The Rajiv Gandhi University of Health Sciences, Karnataka aims at bringing about a confluence of both Eastern and Western Health Sciences to enable the human kind "Live the full span of our lives allotted by God in Perfect Health"

It would strive for achievement of academic excellence by Educating and Training Health Professionals who

- Shall recognize health needs of community
- Carry out professional obligations Ethically and Equitably and in keeping with National Health Policy.

It would promote development of scientific temper and Health Sciences Research.

It would encourage inculcation of Social Accountability amongst students, teachers and institutions.

It would Support Quality Assurance for all its educational programmes.

### **Motto**

**Right for Rightful Health Sciences Education**

## **Rajiv Gandhi University of Health Sciences, Karnataka**

### **MBBS- Internship Training**

#### **Introduction**

This volume on Ordinance Governing MBBS Internship Training Programme is based on Medical Council of India regulations of Graduate Medical Education, May 1997. This has been implemented by Rajiv Gandhi University of Health Sciences, Karnataka from the academic year 1997-98 onwards.

After successfully completing Phase III-Part II Clinical subjects MBBS students enter internship. It is a compulsory one year period of rotatory training wherein a candidate is expected to do actual practice of medical and health care, acquire skills under supervision. It would enable him/her function independently as a unit of health and medical care system.

The intern will be periodically assessed and certified by the heads of the department and on completion by the head of the institution.

With the broad vision in mind, RGUHS has designed guidelines for internship training

#### **GENERAL AIM**

Internship is a phase of training wherein student who has passed Final MBBS examination is expected to conduct actual practice of medical and health care and acquire skills under supervision so that he/she is capable of functioning independently.

#### **SPECIFIC OBJECTIVES**

At the end of the internship training, the trainee shall be able to

- i) Diagnose clinically common disease conditions as encountered in practice and make timely decision for referral to higher level whenever required.
- ii) Use discreetly the essential drugs, infusions, blood or its substitutes and laboratory services.
- iii) Manage all type of emergencies medical, surgical, obstetric, neonatal and paediatric and other allied specialities by rendering first level care.
- iv) Demonstrate skills in monitoring of the National Health Programmes and schemes, oriented to provide preventive and promotive health care services to the community keeping social accountability in mind.
- v) Develop leadership qualities to function effectively as a leader of the health team organized to deliver the health and family welfare services in existing socioeconomic, political and cultural environment and use ethical principles.

Note:

#### Other details

Every candidate will be required, after passing the final MBBS examination to undergo compulsory rotatory internship for the period of 12 months to the satisfaction of college and university authorities concerned.

#### LEAVE FOR INTERNS:

- i) No kind of leave or absence is permitted to an Intern except as may be permitted by the Medical Council of India. Total number of leave will be maximum 12 days per year.
- ii) They cannot take more than 4 days leave at a time.

### **Temporary Registration**

Every candidate must produce provisional MBBS pass certificate from the University on passing all subjects of final MBBS part II examination and should obtain temporary registration from the State Medical Council. The State Medical Council will grant the provisional Registration for a period of one year. In the event of lack of attendance or unsatisfactory work, the period of provisional registration of rotatory internship may be suitably extended.

### **The internship shall be completed within 2 years from the date of passing.**

Under extraordinary circumstances or due to unavoidable reasons if further extension is required, such a candidate shall apply to the Registrar, RGUHS through the Head of Institution. Such an application may be scrutinized by the Head of the Institution and forwarded to the University with specific observations for further consideration.

### **Migration/ Transfer**

All parts of the internship shall be done as far as possible in the institution in which he/she has obtained MBBS training. **"Claims for migration/ transfer are not a right of the student"**. Transfer within the city from one college to another college is not permissible.

A candidate desirous of transfer must obtain permission from both the head of the institution i.e., one in which the candidate studied and that one in which transfer is sought. The number of candidates permitted to take transfer is subjected to the limit of 20 % students passing from that college and entering internship training. Community Medicine posting's of such candidates shall be completed in the same institution in which he/she has undergone MBBS training.

### **Responsibility**

Intern shall be entrusted with clinical responsibilities under supervision of a medical teacher/ senior medical officer. They shall not work independently. Interns shall not issue medical certificate, death certificate or a medico legal document under their signature.

Every intern is expected to do the Biometric Registration twice daily. Every intern shall maintain a record of work done in the prescribed dairy/ log book. It shall be verified and certified by the supervisor under whom the intern works.

**LOG BOOK:** It shall be compulsory for an Intern to maintain the record of procedures done/assisted/observed by him/her on day-to-day basis in a prescribed log-book. Failure to produce log-book, complete in all respects duly certified by the concerned authority to the Dean/Principal at the end of Internship Training Programme, may result in cancellation of his or her performance in any or all disciplines of Internship Training Programme. The intern shall maintain a record of work, which is to be verified and certified by the medical officer/ Head of the Unit under whom he works. A candidate shall have the right to register his grievance in any

**LOG BOOK:** It shall be compulsory for an Intern to maintain the record of procedures done/assisted/observed by him/her on day-to-day basis in a prescribed log-book. Failure to produce log-book, complete in all respects duly certified by the concerned authority to the Dean/Principal at the end of Internship Training Programme, may result in cancellation of his or her performance in any or all disciplines of Internship Training Programme. The intern shall maintain a record of work, which is to be verified and certified by the medical officer/ Head of the Unit under whom he works. A candidate shall have the right to register his grievance in any

aspects of conduct of evaluation/award of marks, separately to the concerned Head of the Department and Head of the Institution, within three days from the date of completion of his evaluation. If a candidate is declared as unsuccessful in any of the disciplines he shall be required to repeat the posting in the respective discipline, for a period prescribed for that discipline in Internship Training/posting.

### Assessment of internship

Assessment of work of an intern shall be carried out by every department in which an intern is posted. It shall be based on the work done and the record maintained of the work in the log book and also using the parameters given in the **Model Assessment Sheet**. Based on the record of work and date of evaluation, the Dean/ Principal shall issue the certificate of satisfactory completion of training, following which the university shall award the MBBS degree or declare him/ her eligible for it.

### Award of Degree and Full Registration

Every candidate will be required after passing the final MBBS examination to undergo compulsory rotatory internship for a period of 12 months to the satisfaction of college and university authorities concerned so as to eligible for the award of degree of Bachelor of Medicine and Bachelor of Surgery (MBBS) and full registration.

## ORTHOPAEDICS

Procedures/Skills	O	No	A	No.	PA	No.	PI	No.	Supervisor signature
Splinting (emergency splintage, postoperative splintage, Thomas splint etc.,)			3		3				
Manual reduction of common fractures (Phalangeal, metacarpal, metatarsal, Colle's fracture)			2						
Manual reduction of common dislocations (Interphalangeal, metacarpophalangeal, elbow and shoulders)			2						
Plaster cast application for undisplaced fracture of arm, forearm, leg and ankle.			2		1				
Emergency care of multiple injuries	2		1						
Advice about the prognosis of Poliomyelitis, Cerebral Palsy, CTEV and CDH					1				
Advice about rehabilitation of amputees, mutilating traumatic and leprosy deformities					1				
Drainage for acute osteomyelitis			1						
Sequesterectomy in chronic osteomyelitis			1						
Application of external fixation	1								
Internal fixation of long bone fractures	1								
Wound dressing							10
